To Whom It May Concern:

This is to advise you that since 1969 Coppola Paving Corporation has been our General Contractor for all of our buildings and 20 acres of facilities at the above address. We believe this longstanding relationship speaks for itself. However, let us be more specific and say that we have always been totally satisfied with all of the construction, paving and repairs that Coppola has done for us.

We can recommend him, without any reservation whatsoever, for any construction project whatever the size.

Very truly yours,
